FUEL SURCHARGE

Fuel Cost Price Adjustment (Surcharge)

The following Fuel-Related Cost Price Adjustment (Surcharge) will apply on passenger transportation charges, as described below.

1. On the 25th day of each calendar month, the price per gallon of gasoline will be determined based on the price stated by the U.S. Department of Energy (DOE), Energy Information Administration's (EIA) survey on "Retail On-highway Gasoline Prices- West Coast Average". This price will be obtained by calling the DOE Fuel Hotline at (202) 586-6966 or via the DOE Internet web site at www.eia.doe.gov
2. If the 25th day of the calendar month is a Federal holiday, the price will be determined based on the state DOE price available on the next subsequent business day.
3. The DOE fuel price obtained will then be indexed based on the fuel price adjustment factor matrix set forth in this item to determine the Fuel Cost Price Adjustment that will become applicable on the 1st day of the month. The adjustment determined will apply for all transportation beginning on the 1st day of the following month and will remain in effect through the last day of that calendar month.
4. The surcharge will be added on an hourly basis utilizing the matrix set forth below. The resulting charge is in addition to all other applicable transportation charges.

When the DOE Fuel Price Per Gallon reported on the 25 th of the month is:	The Fuel Cost Adjustment Factor that becomes effective on the 1 st day of the following month is:
\$1.75 - \$2.19	\$1.00
\$2.20 - \$2.64	\$2.00
\$2.65 - \$3.09	\$3.00
\$3.10 -	\$4.00

NOTE 1: The fuel surcharge, if applicable for a given month, must be passed along to all customers.

NOTE 2: The Fuel Cost Price Adjustment will be shown separately from the charter revenue on carrier transportation documents for the purpose of identifying the amount as special fuel-related revenue.
